FOUNDATION

CHIROPRACTIC

FOR PERSONAL INJURY ATTORNEYS

Attorney Referral Kit

Everything your office needs to refer a client injured in a motor-vehicle accident — how the process works, what we treat, and how to reach us.

DRAFT — INTERNAL REVIEW COPY, NOT FOR EXTERNAL DISTRIBUTION

Foundation Chiropractic has not signed with Immaculate AI Systems. The website address below is a temporary preview link, not the practice's final web address, and will change. The provider roster on page 2 is an explicit placeholder pending confirmation. Do not send this kit to a real law firm until both are finalized.

How to refer a client

01 Refer Your Client

Submit the attorney referral form with your firm's contact information and your client's basic contact and accident information.

02 We Reach Out

Our team contacts your client directly to introduce our office and begin coordinating their visit.

03 Appointment Scheduled

Your client is scheduled at the location and with the provider that fits their needs.

04 Your Office Stays Informed

When your client has authorized it, we're glad to share appropriate status updates with your team.

05 Records & Documentation

Once care is underway, contact our office to request records and billing documentation for the case.

PERSONAL INJURY CARE

Auto accident & injury chiropractic care

The chiropractic services most relevant to a motor-vehicle-accident client. All real services we already provide, at both our Orem and Lehi offices.

Car Accident Injury Care

Whiplash and soft-tissue injuries don't always hurt on day one. We evaluate, document, and treat injuries from auto accidents.

Chiropractic Adjustments

Manual and instrument-assisted adjustments that restore proper motion to vertebrae that aren't moving the way they should.

Massage Therapy

Targeted massage to release the muscle tension that keeps pulling the spine back out of alignment between adjustments.

Sports Injury & Rehab

Postural analysis, fitness evaluation and personal training alongside chiropractic care.

Vertigo & Dizziness Treatment

Techniques that address the root cause of dizziness and balance problems, not just the symptom.

DOCUMENTATION & RECORDS

What matters to your case file

Thorough intake, exam findings, treatment progress and discharge are documented as a normal part of how we practice. To request records or billing documentation for a specific patient, contact either office directly — our staff can walk you through what's needed.

PROVIDER TEAM

To be confirmed

Foundation Chiropractic's current site lists a different provider roster on nearly every page it appears on. This section is a placeholder until the real, current roster and credentials are confirmed — see the note on page 1.

QUESTIONS

Do you work with personal injury cases?

Yes. This referral process exists specifically to make it easy for personal injury attorneys and their staff to refer clients to our office for care.

What areas do you serve?

Two Utah County locations: Orem, UT and Lehi, UT.
